

Cymbeline

Imogen, the beautiful daughter of Cymbeline, King of Britain, secretly marries Posthumus. Her step-mother wanted her to marry her son Cloten, so Cymbeline banishes Posthumus. In Rome Posthumus boasts of his wife to Iachimo and wagers that he cannot seduce her. When Iachimo returns with tokens of his pretended success, Posthumus writes to his servant Pisanio to kill her, but Pisanio warns her and she flees. Cloten is murdered, Posthumus returns and, with Cymbeline's sons, helps the Britons to defeat the Romans, the Queen goes mad at Cloten's disappearance and on her deathbed confesses her evil doings and Posthumus reveals himself.
